

2021 SUMMER 2021

# The Brush & Palette

brushandpaletttestudio.com

*Camps fill quickly, so register today!*

This is the 2021 Summer Camp Schedule. I have reduced the number of weeks, the number of students per classroom and the length of our camp day. This modified schedule is the result of thoughtful consideration and planning to create the perfect summer schedule for both your family and my own. This schedule will also keep us flexible for pop-up workshops in the weeks between camps. I encourage everyone to **register as soon as possible** given that space is limited and **spots fill quickly**.

As always, feel free to reach out with any questions you have and a huge **THANK YOU** for your continued support of The Brush & Palette through these most uncertain times.

We've selected our most popular activities and rolled them into 4 different weeks of art galore! Paint in different styles using different mediums, improve your drawing skills, create sculptures in clay, learn the art of tie dye and design collages out of all kinds of unexpected materials.

## Art Attack Camps

(Students must have completed Kindergarten-age 12)

**Proper Fitting  
MASKS
